

ESD Series
End Suction DIN
Bare Shaft Pumps

DIN Bare Shaft Pumps

**2 Year
Warranty!**

*Extensive stock holdings
Australia-wide*

**Manufactured to the DIN24255
(EN733) standard**

www.aquaplugpumps.com.au

The ESD Series Bareshaft Pumps are robust and reliable DIN pumps, ideal for your building services, irrigation, fire systems and mining applications. The DIN pump range is also available in Motor Pumps and Long Coupled configurations.

Features

- Extensive stock holdings Australia-wide
- Dynamically balanced impeller
- Double shrouded impeller design
- Back pull-out facility
- Maximum operating pressure 1600kPa dependent on pump model
- Maximum speed varies between 1500 RPM and 3600 RPM dependant on pump size and method of drive
- Maximum temperature with standard mechanical seal shaft sealing arrangement -10°C to 120°C
- Cast metal casing with integrally cast feet
- Re-usable casing o-rings
- Shaft carried in grease lubricated bearings (oil lubrication available on request)
- Cast iron bearing housing

Features (cont.)

- Shaft sealing is standard as mechanical seal with stainless steel shaft sleeve (packed gland available on request)
- Replaceable wear rings fitted to all volutes
- Removable support foot at drive end for greater rigidity
- Pumps manufactured to the German Standard DIN24255 (EN733)

Applications

- Building Services: condenser water, heating water, chilled water
- Mining: transfer and processing applications
- Irrigation
- Commercial swimming pools
- Fire protection

Cutaway

The Aquaplus DIN range is also available in Motor Pumps and Long Coupled configurations

Pump Material Options*

Code	Casing	Impeller	Shaft	Shaft Sleeve	Wear Ring
10	Cast iron AS1830 T220	Bronze (Zinc free) AS1565 C95210	Stainless steel AS1449 GR420	Stainless steel AS1449 316Ti	Bronze (Zinc free) AS1830 T220
50	Cast iron AS1830 T220	Stainless steel AS1449 316Ti	Stainless steel AS1449 GR420	Stainless steel AS1449 316Ti	Cast iron AS1830 T220
52	Cast iron AS1830 T220	Cast iron AS1830 T220	Stainless steel AS1449 GR420	Stainless steel AS1449 316Ti	Cast iron AS1830 T220

*All materials are solid cast, with no body filler, ensuring lasting performance quality.
